

REPAIRS AND MAINTENANCE:

We are a well-established family owned and run business we offer a full marine engineering services, including gearbox reconditioning i.e. t.m.p & Borg Warner. We also provide full boat building services,

We undertake work on GRP, wooden craft sailing yachts and metal boats. Whether you require a full refurbishment, structural work, accident damage or servicing, painting & polishing we are more than capable of meeting your requirements.

BSS:

We can arrange for your boat to be examined by an independent examiner for the boat safety scheme. Any necessary remedial work can be undertaken and a Boat Safety Certificate issued.

TOWBOAT:

We have a towboat service, which is provided for breakdowns etc

We also provide a dedicated team for rescuing grounded vessels on Breydon water and surrounding area.

SALVAGE:

In-house we have a team of experienced salvage experts should the worst happen and your boat sinks. They also carry out professional recovery. We have recovery work salvage pumps and all the necessary equipment to ensure a professional salvage service.
